Tory CHRISTMAN PROGRAM

Refs:

27 March 1972, COUNTER ATTACK TACTICS

28 March 1972, INTELLIGENCE PRINCIPLES

Information:

In July 2000 Tory Christman left the Church and dumped her husband of 26 years, to join the LTM in CW. While in Clearwater and being supported by Minton, she started picketing the Church. From there she got onto media lines and has given anti-Scientology lectures to the Skeptics. Tory has also been a conduit for disaffected ex-staff to get onto the Internet and leave Scientology. She has created a "third dynamic" of sorts, consisting of social contacts with ex-Scientologists friends and other DBs like Graham Berry, who she gets together at occasional parties held at her house.

**Correction: I never "dumped" my husband. I left a Cult, he divorced me, and re-married, staying "in".*

When in July 2005 Harold Bezazian, Tory's ex-husband, confronted Tory with all her lies about their divorce, she tried to deny it. However, she backed off from mentioning her husband again until recently in the Rolling Stone article. Despite the confrontation Tory had with Harold over the phone, she continues to leave messages on his voice mail wishing him happy birthday, merry Christmas, and other messages like that. She wants to keep a comm line with Harold, even though he told her to leave him alone because he got remarried.

***Note: The "lies" he told me are the same absolute lies OSA has pitched for 10 years about me. As I told him then, "my doors are open-I don't know where you live, work, you won't talk to me. I left a Cult. You left me. And you can tell OSA to Go to Hell". That's when, and only when, he told me he was married. And he changed his phone number—so my calling was in 2001 for a few years at most.*

**Also, we have a child together, and for our son's sake, I felt and still feel, even if divorced, it is best for all to remain friends. Our son is also out of Scientology.*

**Having been married for 27 years, I find it interesting a "church" would promote this as something bad.*

What Tory protects:

Tory protects her reputation very heavily and anything done or said that would damage her reputation drives her insane. Case in point when she read the comment about her in the recent Rolling Stone article where she is described as "wacko" she immediately posted to ARS to DA the statement. Many other times she has displayed her insanity about trying to DA bad things said about her. Her biggest button is the Religious Freedom Watch (RFW) pages about her. She screams on ARS that RFW is full of lies about her. During a picket in 2004, Tory was asked to give specifics, but she started screaming like a nut and blew from the comm cycle. Many times on ARS she threatened to sue RFW but she never did. She wants those webpages down badly because they ruin her reputation.

***Correction: I've many times thanked OSA for RFW, once I realized they are the best display of their "Fair Game" usage. They are masters of twisting reality. I've said a skillion times, please come over, you've never even heard my side of the story. Not *one* Scientologist, as a member of C of \$, will talk to me. OSA's interpretation of my "Screaming like a nut" is just that. In "Fair Game" is says: "You can lie, cheat, steal, destroy someone utterly" and that is all this is. Their feeble attempt to once again smear one of their X-members, in fact, someone they have in their "What is Scientology" book.*

**Photo, at the end here, of their repercussion of WIS with a new photo, created in 2000. They never issued the 2nd, due to people in it they now label "SP" **

She protects her job. The current job is the most stable one she ever had since defecting. Since mid 2005 Tory has been working at Specialty Merchandise Corporation (SMC). Tory is a business coach and teaches people how to start home based businesses and she has her own extension, 5606.

Tory protects her comm lines to the media because these are the lines she uses to stir up entheta against the Church. Getting her properly DA'ed will make the media dump her as source of information about the Church.

***Fact: Scientology has failed utterly at shutting me up, both with the media, and on the Net. Did I want to protect my job? Hell yes. Is there something wrong with that? Only they would see it as one more way to "Fair Game" someone.*

Tory has a lot of attention about her health and being able to pay for her medical care. In 2004 she went through skin cancer surgery which she incurrent \$1,500 not covered by her insurance. She is also concerned about her memory deteriorating at a rapid rate (she has severe memory loses, and according to her, it has been worsening since 2004. Tory believes she will die in a matter of a few years because of her memory failing very

rapidly. She also thinks she will get Alzheimer's disease because her mother had it and she died of it at the end of 2004.

***Correction: What a load of crap. Line one: Sure, I have attention on my health and health insurance, as do most responsible people. Line 2 is a) False: My insurance DID pay for it and b) Where DID you get this private information from, Scientology? That violates the HIPPA laws. ALL of the rest of that paragraph is utterly OSA making that up. Sure, it is well known that I have had trouble with my short term memory, thanks to the "church" of \$cientology insisting I get off of my much needed medication for Epilepsy, having many Grand Mal Seizures.*

**Note: This was back* in 1973 until my Mom insisted I get back on my medication, saving my life.*

Totally made up re "Worsening from 2004"—I never said that.

I fearing I'll die in a few years is actually funny. I don't fear it, however, since my Dad died at 52—I have said many times I'm thankful each day to be alive.

*My Mother did not die of Alzheimer's disease. She died at 85 of other causes, *that is appalling again that a supposed "church" would use Fair Game, lying about my Mom's health & death**

One more flat out lie.

****Second note: Also, this was written in 2006. In the 90's I gained 100 pounds while on Scientology's "OT 7". I kept asking for help, got NONE. I finally quit OT 7, joined Weight Watchers, lost 60 pounds, and left C of \$, forever.*

Later, while working at SMC, I gained back a bunch, so yes, I probably was concerned about my health-although not as they describe, even then.

*Only when I finally figured out what *I* needed to do, did I fully lose the entire 100 pounds. I reached my goal weight in June of 2010. *I have kept off 100 pounds for 11 years, thanks to Weight Watchers /no thanks to Scientology**

Tory has appeared on Channel 2 where she lied about several subjects. This is the direct result of the past few weeks counter-attack against Tory where her ex-husband had DA'ed her lies, she being under attack on ARS where she is getting expressed as a stripper, [*portion blocked out as taken from target's pc folders*]... and taking anti-depressants.

***My correction: I've ~never~ taken anti-depressants, but a Dr. had given me something for possibly having ADD (which it turned out I didn't have)—so I never took. Someone (not sure who—one of four possible people) came to one of my parties, went*

into my medicine cabinet, wrote down the name of that one medicine, and they began saying "How could Magoo be happy if she's on anti-depressants?" Again, a total lie, as well as disgusting that they'd send someone into my medicine cabinet, and then make up this false story about me, again.

PURPOSE:

To dispense with a source of entheta and black PR so that Scientology can get on with its expansion unimpeded.

**Note: The Church of Scientology, especially David Miscavige has been ~the~ biggest destroyers of their own group by continuing their abuses to this day. The key abuses are:*

Declaring members "SP"/suppressive people. Due to that they have broken up hundreds of families. Also, Stopping free speech. Using Fair Game to lie and attempt to destroy ex-members. This program is an excellent example.

When I first planned on leaving, I even called Stacy Brooks to tell her: "I am not going to make videos, picket or speak out. I am just leaving quietly, under the radar".

After escaping out...with OSA cancelling my van to the Airport, the VP at LAX, she chasing me all through the Airport, my husband and OSA in Chicago, and the Tampa police helping get me safely out by of the Tampa Airport at 1:45 am in July 2000, and they posting flat out lies about me on the Net....they created a person speaking out against them.

*Also, their medical abuses, and the roping people into a billion year contract to be in the Sea Org, as well as mind control & Fraud...selling each level that doesn't work & refusing to give people back their \$\$\$\$"....these are the major abuses.**

MAJOR TARGET:

Tory dismissed as an attacker or totally restrained and muzzled.

**As Dr Phil says: "How's that Workin' for you, Scientology/OSA/Miscavige & Floor mats?" I am alive and happily quite well, having helped many people wake up and leave, and through education of your abuses, have helped thousands not get suckered in. To quote Anonymous, who took you on in 2008: "EPIC FAIL!"*

PRIMARY TARGETS:

1. Internet Invest I/C OSA Int is responsible for getting this program done.

ROTFLOL!

Internet Invest I/C

2. Read and understand this program.

Internet Invest I/C

VITAL TARGETS:

1. Arrange the needed funds to use the professionals needed to get the product, on investigations etc., as set forth in this program.

Note to scientology members "donating" to IAS, this is one of many abuses they use your money for!

Internet Invest I/C

2. Do not allow yourself to be cross-ordered.

Internet Invest I/C

3. Use debug tech to debug any bugged target on the program.

Internet Invest I/C

4. Clear your actions with counsel beforehand.

Counsel? You created a counsel to try to muzzle me??

Internet Invest I/C

5. Determine how to use the information gained throughout the execution of this program to accomplish the Major Targets.

Internet Invest I/C

- *Again: EPIC FAIL! If you want to learn the facts they won't tell you, go to YouTube and type in ToryMagoo44 or*
- *www.xenu.net*
- *Leah Remini, Scientology and The Aftermath*
- *Or just use Google. Scientology has tried to own the Net, thus their B.S. often comes up first. Just vary the question. The facts are there.*

Operating Targets:

1. Get Harold to call up Channel 2 and complain about the fact that they have put his ex-wife on TV and let her lie about their marriage and other things she has said and get their agreement not to use Tory any longer as a source of information about Scientology.

This is so important for people to read. This is a "church" (getting non-profit status even though it IS a flat out, fraudulent business) putting in writing their attempt to get my now ex-husband, OT8, to Lie about me. I am still doing interviews, thanks to they posting flat out lies about me to this day, and refusing to ever talk to me. EPIC FAIL, \$cientology

Internet Invest I/C

2. Get Harold to call up the manager of SMC (Tory's employer) and complain that she has been telling lies about him on TV while she is supposedly at work.

My view explained above

Internet Invest I/C

3. Get Harold to send a letter to specific papers that have used Tory in the past and DA Tory and expose her lies.

**This is the letter where Harold tells the story on how Tory broke up the marriage and other lies.*

Please note: I am totally willing to talk with anyone, certainly my ex-husband. Both they (members of their "church") & my ex-husband refuse to talk to me. Per their own "tech", he is NOT allowed to or he will be declared 'SP'. I tell people often, 'You don't have to believe me. Read both sides & make up your own mind's". They cannot say that as the Executives who run these abuses know IF people learn the facts, they would be out that day!

Internet Invest I/C

4. Get Harold send the letter to radios where Tory has been hosted as a guest.

Keep in mind the people suggesting this are not members of the Mafia, as it sounds. No, they are members of "The Church of Scientology" & also Not Allowed to read or listen to facts Scientology does not want them to see or hear. This is done using mind control, peer pressure and fear

Internet Invest I/C

5. Get Harold to brief [*portion deleted to protect target's privacy*] on what Tory is doing and the fact that she is lying about their divorce and spreading personal family matters on national TV. Get [*privacy deletion*] ideas of what [*privacy deletion*] can do to put pressure on Tory and threaten to cut [*privacy deletion*] comm line to her if she doesn't stop.

***Fact: I never lied about our divorce, nor did I spread personal family matters, except to say that "My husband of 27 years left me, after I left Scientology" which was true. Also, despite my now X-husband allowing the flat out lies to be posted on Religious Freedom watch (C of S's hate page)—he is a good man, he never liked OSA. He was raised with Hubbard back in the 50's when his parents got "in". I doubt he'd follow the above orders. I have no doubt they'd have someone they knew who would, call and lie, saying they were my x-husband. Sick.*

Internet Invest I/C

6. [*One sentence deleted to protect target's privacy*]

Internet Invest I/C

7. Get the document that Tory threw away from one of SMC's clients which contains personal financial information, brought to the attention of the client and have the client to complain with the company that Tory has lost personal information about his credit card and other financial details he has been doing with the company.

***Note: This is utterly weird, as *I* never brought home any information about any clients of SMC, as it's all kept in their computers. This must be some fabricated thing, OR they've rifled through SMC's trash, which quite frankly, could get them in some serious trouble. Their attorneys will *not* like this, Scientology—not even a little bit. They didn't like you all to begin with, and are quite educated on this exact stuff. Start typing.....and to SMC attorneys, please do note the date you receive any future communications from "anonymous sources re Tory Christman".*

Note: SMC, the company I worked at and these lies are created about was shut down, some years ago. There was yellow police tape closing off the building

Internet Invest I/C

8. Maintain the comm line with the client and get him to insist that Tory should be fired.

I wasn't fired. SMC let go of 50 employees, all of us 50 and older. I was one of these 50 employees

Internet Invest I/C

9. Get Chad Garret (PI in LA) to use one of his resources to become a client of SMC and get assigned to Tory as a business coach (this can be done to first apply and then call in and asked to be put through to Tory's extension as if she was transferred to her by the main switchboard).

***FACT: This seems utterly nuts to me, but I sure thank you all for showing how utterly sick you really are. I will be turning this all over to SMC, who knew quite well of your darker sides, and their attorneys will love this!*

Internet Invest I/C

10. Get the new client hook up with Tory and get coached by her to set up a personal business.

Did not happen

Internet Invest I/C

11. As Tory gets the coaching done get the client to become upset and bring it to her attention so she gets the warning that she is doing something wrong.

This is actually funny as it never happened, but again thank you Scientology for showing how dark your ops/top secret operations run

Internet Invest I/C

12. Get the new client to complaint with management because Tory is not doing her job well and demand the money back because the client is no longer interested in SMC.

Again, a flat out lie, not worth discussing.

Internet Invest I/C

13. Repeating Target: Get postings done in business newsgroups where they also discuss SMC. Post about Tory being incompetent and unprofessional.

*** Note: This is flat out proof of your utter libel. It's one thing to libel me on your phony "religious" site (RFW). This is getting into an entirely different category of public libel, OSA.*

Internet Invest I/C

14. Get a SMC client to find the postings and bring to the attention of SMC and let them know that this is not causing a good PR for the company and of it is true that this woman (Tory) is so unprofessional.

Internet Invest I/C

15. Concurrently have other "clients" call into SMC and make complaints about Tory being rude and incompetent.

Internet Invest I/C

16. Repeating Target: Continue to make noise till the company has no choice (due to the amount of bad publicity happening) other than firing Tory.

Internet Invest I/C

***Note on #16: I worked for SMC for 4 years. This program was written in 2006. I wasn't let go until 2009, after the huge Economic Crash, when they let go of tons of people. I was with 50 people at the time, which they let go, so your above "program", OSA, again, failed TOTALLY.*

17. Get complaints filed with the BBB complaint website talking about dissatisfied customers and complaint about Tory (keep it generic) but point out what we know about Tory to be true i.e. forgetting things, rude and arrogant.

Keep in mind, this was created by members of the church of scientology. I was a member of this group for 30 years. I helped them in many areas, so I knew many things they did not want known....hence this program

Internet Invest I/C

18. Repeating Targets: Get the BBB complaints brought to the attention of SMC from people who have watched SMC's advertisement on TV. (Write these letters from various parts of the US so it gives SMC the impression that this is everywhere and not a fixed location).

** Again ..created by members of the group known as ,The Church of Scientology. They *really* were frightened of what I would say!**

Internet Invest I/C

19. Repeating Target: Keep Schwarz attacking Tory's reputation on the Net by feeding the repeating message that she had a lesbian affair in school (college);PBO:[*privacy deletion*] and her job as a stripper.

**Schwartz' was someone writing so many crazy lies, one ex-scientologist tracked her down.*

She was working out of a library. I was told "they thought she was homeless with quite possibly mental problems". She seemed to be posting OSA's lies, but we didn't think OSA would hire her.

*I always thought there was some connection with OSA and this program proves it. Again, thanks OSA, for proving what we say!**

Internet Invest I/C

***LOL! OSA: You are one sick group of people.*

***And FTR: I was a dancer back in the early '70's, with 4 other Scientologists, for around 6 months. We were training, on the "Minister's Course" in the day, dancing at night, for about 6 months, to pay for \$cientology. Most people who know me know this- however, OSA, in hoping to slime me, of course is trying to use it. Where have they gotten some of this very private info from? Probably my PC folders, so thanks for telling the world you DO use info from them.*

20. Get Schwarz to put up a webpage on Tory and promote it on ARS and other newsgroups.

***Note: I knew that *sick person* worked for OSA! (And please spare me the story of how she's just some homeless, lost soul. She may be homeless—this program spells out the facts)*

Internet Invest I/C

21. Get mirror pages put up on the Net of Tory's page and get it promoted so she gets to know that the word is spreading on who she really is.

Internet Invest I/C

22. Go through every single chat log and find every derogatory statement other people have made about Tory.

Internet Invest I/C

23. Get a specific page put up on RFW with all the statements Tory's own "friends" made against her on the chat.

Internet Invest I/C

24. Get postings designed to get Tory introverted into her 1D health worries and repeat the message that she is a crazy person taking anti-depressants.

Internet Invest I/C

25. Get the 3P campaign to cut her comm lines with other SPs on ARS and IRC done (this is a known button when she is not defended on ARS she gets upset and gets depressed).

Internet Invest I/C

**NOTE: I have never suffered from Depression, so that is totally false. I don't like being 3rd Partied (where people buy into Scientology's Lies) and I've tried to tell people they are doing this. My true friends know this. Some others did turn on me, and I hope this teaches you to listen, and what lengths this sick organization will go to, to try to utterly destroy someone they don't want speaking out.*

PRODUCTION TARGET:

By 30 April 2006 Tory discredited with the media, dismissed as an attacker or totally restrained and muzzled.

****TORY'S FINAL PRODUCT:***

TORY HAS HELPED MORE PEOPLE GET OUT OF YOUR PHONY "CHURCH" AND YOU HAVE FAILED ~~~TOTALLY~~~.

*The 1st time I saw the above program was a few days ago, even though I've known they have been running some such thing on me for many years, including after this in 08 and no doubt now. Thanks for showing the world, and even people who have been critical of myself, that you (OSA) DO create sick things like this. "Church"? Think again, my friends. Read, look, Listen, make up your *own* minds.*

<http://www.youtube.com/ToryMagoo44>

PEACE!

The Back Story on Tory:

I worked with OSA as a volunteer, (not staff) on and off for 20 years, mostly in the PR area. Why they care so much about me is due to my auditor, and then friend, Bill Yaud asked me to help him "Handle the critics" on the Net, in the '90's. He asked me to "Open up anonymous accounts". I asked why? He said he wouldn't tell me as "Then they'll get you in deposition and keep you there, and you don't want that, do you Tory?" Of course I said "no"...so I continued, basically blindly believing him.

*Some people may think: Why didn't you go talk to.... Well, we had to sign an agreement to NEVER TELL ANY EXECUTIVES of C of \$, any AUDITORS, ANY ETHICS OFFICERS, any Family, any friends literally—we could not tell a soul—Or we had to pay \$100,000 ". I remember looking at Bill, and saying: "This looks like the old Guardian's office junk". He: "Tory: LOOK AT ME. *I* (he, Bill Yaude) would never do anything illegal". I bought it.*

*As it got more and more mafia-like ...I decided *I* needed to go onto the Net and LOOK. The Day I did (and ARS was the only Newsgroup then)—OSA had spammed it with tons of baking recipes. In between many lines, were "I didn't say that! Scientology is changing my words" by various critics. Shocked, I realized this train was WAY off the tracks. I did NOT get into Scientology to stop free speech! That day I called Bill to tell him "I can't do this anymore, I have to get back to work". I was literally scared to death—realizing this was much worse than I thought, and no doubt was run out of DM's office.*

From there, Bill said, "Fine—just meet us at this apt. tonight, as we'll need a debrief. I thought that was fine and showed up on time. The apt. was dark and filled with me (all OT's). Gavino (who ran the Top Secret OSA Int Internet operation) came barging in, slamming the door open, yelling "I TOLD YOU SO! I TOLD YOU ABOUT HER!!!"

It was about a 1 hour gang bang spiritual rape—with them screaming "What are you going to say in Session about this?" (I actually had zero plans to say anything to anyone, but as you can see, thanks to THEIR OWN ACTIONS, that has changed, dramatically.)

I finally ran out, crying, and Bill knew at that moment he'd screwed up. It took about 6 more months for me to FULLY wake up, but I really left the "church" of \$cientology, that night.

The night I fully woke up, that was IT. I had been on OT 7 for 7 years with it not working, we being guinea pigs for the Golden Age of Crap—and having to pay for it, too. So during that time, I had spent 10 years reading self-improvement books, art, music, science, etc. I didn't realize it then, but I think I was actually stripping off lies and sort of fixing myself, so when I woke up....that was IT.

You may know all of the above, or not plan to say anything. However, IF you plan to, I wanted you to hear what actually happened, vs. the many variations of what has been said occurred. I never posted on the Net for OSA.

*Once I ended the top secret OSA Int Mafia—soon after I went onto ARS, and made 4,000 posts in 4 weeks! *This was NOT with or for OSA* I had decided the Critics were like the old cowboys in the Wild West. They could talk, say what they wanted, do what they wanted, and I wanted to find out what they knew that I didn't. So I went onto ARS*

...making super nutty posts, having no clue I'd meet Andreas who would help me, and from that, I'd wake up FULLY and leave, forever.

What did he do that was SO dramatic? Well, had I not been in the Top Secret Mafia, it wouldn't have been SO much. We were constantly lying about our names, even on the phone. Here was Andreas with his full name, address and phone number listed. That did more for me, and what he said, than anything. He said: "I believe in truth. I believe in looking at both sides. I believe in having the courage to say what I think. I don't think Scientologists are bad, they're just miss informed. Best wishes, Andreas Haldal-lund"

I sat in my dining room after reading that, and cried for 4 hours, as that WAS who I was when I joined Scientology, in 1969, age 22– 30 years prior. Then, at 53 (july 2000) couldn't look at both sides, I couldn't tell the truth. I still had courage. I left a few days after that first communication, forever.

As you know, I've been speaking out, ever since. They've been lying about me, doing Fair Game actions on me, since the day they flew Yaude to Clearwater where I was, to "handle me", the second day after I arrived there. He told me: "What has happened to you, case wise, is THE WORST THING THAT COULD EVER HAPPEN TO ANYONE ON THE PLANET". "We are going to fix it all at no cost".

I said: "If you paid me 1 million dollars I wouldn't pick up your cans, Bill".

That night OSA began "anonymously" lying about me, running "Don't trust Tory" on ARS.

I cannot thank ALL the people who have helped me over the years, enough. Many will never know how much they have helped me. What you are doing now, each activist exposing Scientology's abuses, and all your posters here, is terrific. I thank you ALL!

Hope that helps fill in any gaps.

Love to you,

Tory
